A GOOD OL' BOYS CAR RACING CAR CHASING MOONSHINING COUNTRY MUSIC STYLE FAMILY FILM

Logline:

The old moonshining codger's farm is headed to foreclosure ever since the last family member living there (Byron's Uncle Vernon) passed away. Turns out Byron is the last remaining relative and the state sent him a letter explaining that he is the only heir they can find. Byron moves into the old place in ANYTOWN, USA to try to save the farm from foreclosure. He calls around looking for any other relatives to help him out and finds (Christy & her son Little B) who is a single mother. They have nowhere to go so he invites them to come and move in to help in any way possible. Typical Good Ol Boys Dirt track car and motorcycle racing family film while trying to side step the law with their moonshining ways and take back what was total destroyed by Boss Momma's underhanded shenanigans from days gone by.
